	versteuert

Nautor Swan 60 for Sale

The Nautor Swan 60 was designed by German Frers and combines true offshore performance with the comfort and capability required for extended cruising. Built to Nautor's renowned standards, she offers a powerful yet elegant platform for owners seeking a yacht equally suited to fast passage-making, competitive sailing and long-distance cruising.

Her performance-oriented specification includes a carbon mast and boom by Nordic Mast, Future Fibres standing rigging, hydraulic sail controls and a comprehensive sail wardrobe. Over the years, she has benefited from continuous

maintenance and significant upgrades, including a new teak deck, generator, updated sails and electronics, and a major engine overhaul.

With her timeless Swan pedigree, proven offshore capabilities and extensive equipment inventory, the yacht represents an attractive opportunity to acquire a classic performance cruiser-racer with serious bluewater credentials.

HIGHLIGHTS

▪ Built by Oy Nautor AB in Finland to a German Frers design.

▪ Performance cruiser racer developed for fast offshore sailing and capable long-distance cruising.

▪ One of 28 yachts built in this Swan 60 model generation.

▪ GRP construction with additional galvanized steel structure in the keel attachment area.

▪ Draft configuration of 2.90 m and displacement of approximately 28.50 t.

▪ Carbon Nordic Mast rig and carbon boom, Future Fibre shroud system, carbon spinnaker pole and jockey pole.

▪ Yanmar 4LH-TE 81 kW diesel engine with major overhaul in 2022; 3-blade Feather-Max propeller.

▪ Paguro 9000 8 kW generator installed new in 2021; engine and generator start batteries renewed in 2024.

▪ Teak deck refit with Scanteak in 2011; electrically deployable bathing platform and retractable bow thruster.

▪ ONE SAILS composite mainsail and jib from 2018, plus extensive North sail inventory.

▪ Lewmar winch package serviced / overhauled in 2023; Reckmann headsail furling system overhauled in 2021.

▪ Air conditioning with four units,
Eberspa
¨
cher hot-water heating, watermaker and comprehensive cruising systems.

▪ FRF Fouling Release Film applied to the underwater body.

▪ Mast and main boom inspected by Carbon Globe using NDT before the 2025 valuation, with no structural finding reported.
