MOODY 41 DS BLACKBIRD – 2022

Built 2022 | Extensive Optional Equipment | Premium Elvström EPEX Sail Wardrobe | Yanmar 80 HP | Baltic Sea, Germany

The Moody 41 DS BLACKBIRD combines the exceptional comfort of a true deck saloon yacht with rewarding sailing performance and an impressive specification. Built in 2022 and carefully equipped for comfortable cruising, BLACKBIRD represents an attractive opportunity for discerning owners seeking an elegant, capable and exceptionally versatile sailing yacht.

Designed around Moody's renowned deck saloon concept, she offers a remarkable sense of space and openness, with an almost seamless transition between the spacious, sheltered cockpit and the panoramic saloon. Large windows provide outstanding all-round visibility, filling the interior with natural light and creating a unique connection with the

surrounding sea.

Whether enjoying leisurely summer cruising in the Mediterranean or exploring the more demanding waters of Northern Europe, BLACKBIRD delivers an exceptional onboard living experience.

One of BLACKBIRD's most distinctive features is her extensive, high-performance sail wardrobe. The premium Elvström EPEX membrane sails include a FatFurl in-mast furling mainsail, furling self-tacking jib, additional furling genoa and Code 0 with Karver furling system. Combined with a second forestay and thoughtfully arranged deck equipment, this versatile sail configuration offers excellent flexibility across a wide range of wind conditions, while remaining manageable by a small crew.

Her upgraded 80 HP Yanmar diesel engine, coupled with a saildrive and three-blade folding propeller, provides ample power and reliable handling. A bow thruster further simplifies close-quarters manoeuvring.

The comprehensive Raymarine navigation package includes twin Axiom Pro Chartplotters, Autopilot, AIS and Multifunction Displays. Additional Engine and Autopilot controls at the interior navigation station allow essential functions to be operated from the protection of the deck saloon.

Below deck, BLACKBIRD offers a beautifully arranged and welcoming interior. The light-filled saloon combines comfortable seating, panoramic views and a practical galley, making it an ideal space for extended periods aboard.

The accommodation consists of a generous forward owner's cabin and a separate guest cabin with twin single berths, comfortably accommodating four guests. Two separate heads with showers provide additional comfort and privacy.

A diesel heating system, generous storage capacity and comprehensive onboard equipment make BLACKBIRD particularly appealing for extended cruising and life aboard throughout the sailing season.

Key features and highlights:

- Premium Elvström EPEX membrane sail wardrobe including furling mainsail, self-tacking jib, furling genoa and Code 0
- Additional forestay with separate furling system
- Upgraded 80 HP Yanmar diesel engine with saildrive and folding propeller
- Bow thruster and electronic engine controls
- Comprehensive Raymarine navigation system with twin Axiom Pro 9" chartplotters, AIS and Autopilot
