Länge	20.6 m
Breite	5.62 m
Tiefgang	2.95 m
Liegeplatz	IT
Preis	1.190.000 € versteuert

For sale is an Oyster 655 from 2009 in pristine condition

Jackie O stands out as a premium bluewater cruising yacht that blends performance, luxury, and practicality. It's an Oyster 655, a well-regarded design by Rob Humphreys, known for ocean-going capability. The hull is built to Lloyds-approved standards with a carbon/Kevlar composite for strength and weight reduction, and the high-performance bulb keel and carbon in-mast furling rig deliver strong sailing performance with easy handling. On deck, Jackie O is designed for safe, efficient cruising. Twin wheels and a split cockpit give clear separation between sailing and guest areas, while the teak-laid decks and hydraulic passarelle enhance both function and style. Comfort is another major highlight. The interior offers eight berths across four cabins, all finished in rich cherry joinery with thoughtful seagoing details like sculpted grab rails and secure storage. The spacious saloon and owner's stateroom provide a sense of light and luxury, while the fully equipped galley and high-end appliances make long passages practical. Modern entertainment systems and air

conditioning throughout add to onboard comfort.

Jackie O has benefitted from a comprehensive program of recent upgrades. She is equipped with a completely new Raymarine electronics suite on a modern BUS network, ensuring state-of-the-art navigation and system integration. In 2023, the bottom was professionally taken back to gelcoat, primed, and finished with fresh antifouling for optimum hull performance. Her systems are supported by new service batteries installed in 2024, while her rig received a full renewal of standing rigging in 2021/2022 for added safety and reliability. Performance under sail is enhanced by her 2020 North 3Di mainsail and genoa, delivering efficiency and speed in a wide range of conditions.

In essence, Jackie O offers a rare mix of robust offshore capability, refined living spaces, and a high level of equipment, making it an ideal choice for serious cruising or comfortable ocean passage-making.

We have inspected the yacht personally and can reconfirm her excellent condition.

Please don't hesitate to contact us for any further information or to arrange a personal inspection in Neustadt, Germany.
