48ft TYDE OPEN

Baujahr	---
Länge über alles	14.70 m
Breite	4.50 m
Gewicht	11.50 t
Naval Architect	judel/vrolijk & co
Exterior Designer	TYDE
Interior Designer	TYDE

THE OPEN blends a futuristic appearance with a spacious design, ensuring an exceedingly luxurious and comfortable experience. Glide effortlessly over the water with a smooth, silent, and eco-friendly propulsion system, allowing you to perceive the beauty of the natural world undisturbed. Stretching 14.8 m in length and 4.5 m in width, she features a flush deck with a two-seater helm station, a sheltered galley with a spacious seating area, a double sunbed at the stern, and a generous relaxation area on the foredeck.

As naval architects, we developed the geometries and moulds for production, while TYDE, a design office and subsidiary of the BMW Group, handled the design aspects. Together, we created THE OPEN, the largest foiling motor yacht on Earth.
