Gewicht	35.50 t
Naval Architect	judel/vrolijk & co
Exterior Designer	Wally Yachts/ Luca Bassani
Interior Designer	Wally Yachts/ Luca Bassani
Werft	Wally Yachts

The new Wally 93 Nahita is a cruiser-racer featuring the latest generation hull lines like those of the wallycento super yachts and the Maxi72 pure racers, to offer the ultimate experience in high performance sailing. The latest carbon construction technology provides for a reduced displacement and an increased rigidity. The style of the deck camouflages the central social cockpit and the coamings looking like in a full flush. The innovative interior layout offers more comfort and higher performance: more privacy in the salon, larger guest and crew cabins, and a concentration of the yacht weights.
